Your video Room to Live is EXCELLENT! I would love to see SD show it to all 7-12 students. So often I have heard it is better to be thrown, then end up in a crumpled mess. I hope many many people watch it!!!!!! Show it to young drivers during our own "Teen Driving Challenge" program with my agency? I was very impressed with the video and think it's a must-see for all our students.	Wendy Christiansen	Vocal Music Instructor Viborg School District 60-5	202 South Nora Street Viborg	SD 57070	1
I am a Driver's Ed instructor. One topic we will be covering is seatbelt safety. I plan to use this DVD to show how so very important it is to use your seatbelt. I have had many requests for additional copies so employees can take them home to their families and friends. I am at Naval Hospital Corps School, GreatLakes, IL. We have about 1200 students and 170 staff members. About 90% of our students just arrived from boot camp, and are right in the high risk driver category. The student population turns over about every 5 months, so the video can be shown to many people. Any means to reach the audience is great! I have no doubt that lives will be saved by sharing the video.	LT Commander Col Linda Kowalski	Naval Hospital Corps School		Great Lakes	IL
